# JFK SWISS OUTDOOR CAMP CODE OF CONDUCT

1. Instructions given by guides, boarding and camp staff must be always respected to ensure the safety of the group.

2. Campers are expected to be honest, kind and respectful of one another. Bullying, exclusion, or disrespectful behavior will not be tolerated.

3. Boarding Campers sleep in separate accommodation designated for boys and girls and must adhere to the boundaries between the two.

4. Staff must always know the whereabouts of Campers and children are not allowed to leave the group or the campus without the express consent of the person in charge.

5. Campers must take care of their belongings, keep their sleeping areas tidy, and actively participate in scheduled activities.

6. Clothes worn on campus must be comfortable, appropriate for our activities and non-revealing.

7. Most importantly – have fun! We encourage campers to embrace new experiences, challenge themselves, and engage fully in camp life.

Children must respect these rules. If a child's behaviour disrupts the Camp, the Camp Manager may decide to send the child home.

## OUR PHILOSOPHY

We believe that experiential learning is the key to personal growth. Our structured outdoor programs help campers build resilience, teamwork, problem-solving skills, and independence in a natural setting. The camp environment encourages curiosity, responsibility, and respect for nature and each other.

### EVENING ACTIVITIES & SOCIAL EVENTS (for boarders)

Each evening, campers wind down with engaging group activities that foster camaraderie and relaxation:

- Talent Show & Performance Night – Campers showcase their unique talents in music, dance, or comedy.
- Team Challenges & Games Night – Fun competitions including scavenger hunts, obstacle courses, and quiz nights.
- Movie Night – Watching inspiring adventure films.

Evening activities ensure that campers unwind and strengthen friendships with their peers.

## MEAL TIMES:

A healthy, nutritious, and varied selection of food is available at breakfast, lunch and dinner, with our own highly qualified chef preparing and cooking all our meals. Occasionally, lunch will be prepared off-site in conjunction with our outdoor activities or a packed lunch may be provided for excursions. Vegetarians are provided with a range of non-meat dishes and children with religious restrictions or allergies are provided with an alternative meal. Please inform us of any dietary requirements upon application.

Snacks and drinks are available during designated break or treat times and a selection of fruit is always available in the Boarding Houses to ensure that children never go hungry.

* **We ask that children do not bring additional food to Camp.**

## HEALTH, HYGIENE AND SAFETY:

On arrival all children will participate in a safety talk and tour of the School. Children are always well supervised, and all outdoor activities are run by qualified local mountain guides. The Boarding House has members of staff and qualified first aiders on duty to ensure the safety and wellbeing of Campers.

Your child's hygiene is extremely important, especially after a long day of outdoor activities. The House Staff ensure that Boarding Campers are looking after themselves by checking that teeth are cleaned twice a day, that showers are taken daily and that laundry is being done.

*** Privacy is provided for all children during shower times.**

Parents are requested to provide the JFK Swiss Outdoor Camp with information of any medical conditions on the 'Medical Form' issued at the time of registration. We kindly ask you to ensure that all medical information we need to be aware of is clearly mentioned here. Any child attending Camp with serious allergies must also complete the Allergic Reaction Form (Appendix 3).

Any medication brought to Camp must be labeled and a corresponding Administration of Medication Form completed (Appendix 3). Children are not allowed to administer their own medication or to keep medicine in their rooms.

Our Camp Staff are qualified to administer first aid care and are in regular contact with local doctors. In case of an emergency, and if parents cannot be contacted, JFK Swiss Outdoor Camp will take any necessary decisions in consultation with the attending doctor.

## CLOTHING AND LAUNDRY:

Children may wear their own clothes; however, it is essential that all items of clothing are clearly marked with your child's name to help us keep track of what belongs to whom. Campers will participate in a wide range of outdoor activities and must be dressed appropriately.

*** The packing lists for boarders and day campers are attached to the end of this booklet.**

A daily laundry service is available on site for boarders and will be taken care of by our Boarding Staff at no extra cost. Please be aware that all clothing needs to be machine washable (30 – 40˚C) and suitable for tumble-drying. Clean bed linen is provided and laundered regularly.

## VALUABLES:

We strongly suggest that expensive or valuable items are left at home. **We also ask that children do not come to Camp with any money of their own unless otherwise requested**.

*** The JFK Swiss Outdoor Camp cannot accept responsibility for the loss or theft of any valuables.**

## ELECTRONIC ITEMS AND COMMUNICATION:

Boarding Campers are allowed to bring mobile phones to Camp but these will only be used during specific free times (5:00 – 5:45 p.m.) or when exceptionally allowed by Camp Staff. The campus is equipped with an all-around filtered Wi-Fi and students will have access to it only during their electronic time.

*** Day Campers should not bring mobile phones to Camp.**

* In case of emergency, parents can at all times check up on their children by calling our Duty Phone. Our Duty Phone is on our Activities Leader from 8:30 a.m. to 4:30 p.m. and on our Boarding Leader from 4:30 p.m. to 8:30 a.m.

At night, all phones and electronic devices are collected by Boarding Staff and stored in a safe place until the next day. The best time to contact your child on either their mobile phones or the Boarding House land line is between 5:00 – 5:45 p.m. as the children are often involved in activities until this time.

*** We ask that you do not call any later than 8:30 p.m. as some of the younger children are already preparing for bed and the phones will disturb their sleep.**

## PACKING:

1. Bring everything listed on the packing list! There are not many possibilities to buy the necessary material on site so it is important that you are well prepared prior to your child's arrival at camp.

2. **Label everything!** Clothing, water bottles, toiletries, electrical items...label it all!

3. Don't send your best stuff. Fancy new things quickly become old and used at camp.

4. Your Camper will be doing lots of adventure activities where short or revealing clothing won't be appropriate. We ask that you leave things like short shorts, spaghetti strapped tops, two-piece bathing suits, speedos, and other such items at home.

It might be summer camp, but it gets chilly here, especially at night. Make sure you pack some warm clothes. Average summer temperatures range from 15–25°C, and nights can be cooler at 5–8°C.

*** For safety reasons Campers who do not possess the correct clothing/equipment will be bought or rented the appropriate items for the duration of their stay. This will come at an additional charge.**

All Campers will be given a JFK Swiss Outdoor Camp backpack and cap on the day of their arrival. These items should be used throughout their time at Camp for practicality and identification purposes.
